Many of you will know Margaret Green , Margaret has been coming on our tours for many years, initially with her husband Frank and then when he passed away, on her own. Margaret and Frank did not start biking until in their 60's and I know she will not mind me telling you that she is now 73 and still riding her Harley Hugger. Margaret earned herself the nickname of "two puddings Margaret" as Frank had to surrender his dessert , this was soon noticed and we have now got her up to "four puddings Margaret".

Unfortunately Margaret has not enjoyed the best of health and has had cancer several times including breast cancer twice , never one to feel sorry for herself, Margaret has taken on a new challenge and been fortunate enough to be chosen to be one of only 20 riders to take part in the "Amazon Heart Thunder" sponsored ride from Aviemore to London on August 26 - Sept 1st 2007.

Full details can be found at <http://www.amazonheart.org/AHThunder/ride/2007ukride.htm>

If you would like to make a donation, I know Margaret would be very grateful -the donations going to the "Helen Rollason Heal Cancer Charity" this can be done online by going to :
